

THIRD WEEKLY FLORIDA PROGRESS REPORT WITH PHOTOS
FOR THE TOWNSHIP OF WEST MILFORD, NJ SABER TANKER 25704TR

Your Saber chassis arrived in Bradenton, Florida earlier this week. Early next week it should enter the main assembly line where electrical harnesses and sub-structure support are installed. Your body is staged outside the body assembly line. Early next week it should enter the body assembly line where rear chevron, compartment doors and content; fender crowns, lighting, electrical harnesses, etc. will be installed. Your pump house was painted this week and advanced on the pump house assembly line where rodding, gauging, pump controls, running boards, tags, drain valves, pump panels, etc. are installed. Next week it should be static pressure tested. Your next progress report will be sent Friday 8/10.
